BEAUTIFUL DRIVES ADD TO APPEARANCE OF ATLANTA PARKS

Visitors to Grant park tomorrow will find a network of beautiful drives and walks put down this spring under the direction of Park Manager J. O. Cochran. The drives add much to the appearance of the park, and will open up several new sections which in the past have been closed to automobiles. During the past week a gang of workmen from the county came have been at work on the drives, which were put down by the park department. They are being well rolled and put in first-class condition, and by laying concrete gutters along the drives they will not be injured by showers.

The next move of Manager Cochran is to secure a special appropriation from council in the June money sheet to provide for erecting and outfitting some of the drives in Piedmont park. Several members of the Finance committee and others in general council have assured the manager that they will support the proposition when it goes before them for final action.

CLUBS OF ATLANTA WILL BE DISCUSSED BY ABLE SPEAKERS

"Cool, dispassionate discussion of pending questions of local interest, with both sides represented on all occasions and with well-known speakers voicing constructive thoughts—this is the motto of the Civic Forum," said Leonard J. Grossman, a local attorney, and president of the organization, in announcing the program for tonight in the assembly hall of the chamber of commerce at 8:30 o'clock.

Dean John R. Atkinson will speak on "The Public and its Relations to Amusements." Basil Stockbridge, chairman of the executive committee, has addressed hundreds of invitations to the entire membership of the Atlanta bar and business men in all walks of life. That the locker clubs of Atlanta are violating the law, and that all their members should be revealed, was urged tonight by J. W. LeCraw and W. A. Hughes. R. M. Chastleton and R. Friedman will contend that the locker clubs are not violating the law.

FIVE ARRESTS MADE OF "DOPE" BUYERS; TO LOCATE DEALERS

The police are rounding up the dope fiends for the purpose of trying to also round up the dope-sellers.

Five arrests were made Friday, and the men tried by the recorder were Dan Williams, Gus Isell, A. J. Wilson, Tom Martin and Martin Watts. On them, it is said, were found morphine, opium, cocaine and all the necessary paraphernalia for using the drugs.

The officers making the arrests stated that they wanted the men sent to the state farm for treatment. They said they hoped to get the men to state where they bought the drugs in order that the sellers could be arrested and punished.

The recorder held the men under \$100 bonds on the charge of vagrancy, so Judge Calhoun, in the city criminal court, can send them to the state farm at Milledgeville for treatment.

FATHER AND SON TO STAND TRIAL FOR FELONY CASE

Two sensational indictments were returned by the Fulton grand jury Friday against Dr. R. P. Nixon, a well-known physician of East Point, and his son, F. H. Nixon, representative of the Supreme Tribe of Ben Hur insurance company.

The charge against father and son is felony. It was alleged before the jury that they had sought to enrich themselves by fraudulent operations in connection with the son's insurance deals; that they had forged applications and other insurance documents in effort to collect commissions.

Dr. Nixon, the father, it was charged before the jury, had been appointed, before the son, an examining physician in East Point for the Ben Hur organization, and that he would attest for forged applications and other insurance documents, upon which young Nixon would be collecting commissions and other funds.

Up until last night neither father nor son had been arrested. The bond for each of the son's was increased to \$10,000.

\$1,000. Both Dr. Nixon and F. H. Nixon have been residents of East Point for years, and are known in Atlanta.

Requiem Continues.

The revival at the Free Methodist church, 378 Hill street, continues with increasing interest. On Sunday at 2 p. m. Mr. Gouthey lectures to men only.

An' he don't mind the rocky road o' Jordan!

He feels the spirit move him, an' he knows

The Road to the Promised Land.

Dunno whether the world is gettin' better

Some folks don't believe in a personal

in spite of that.

A statesman who is perfectly candid

in spite of that.

Even when folks take the world as they

they never enough reward their

AMERICAN BUSINESS CONDITIONS SOUND

Prospects for Manufacturer,
Farmer, Merchant and All
Business Folk Continue
Hopeful, Says Bradstreet.

New York, May 21.—Bradstreet's tomorrow will say:

"While trade and industrial conditions continue to move along generally favorable lines, the week's developments disclose some irregularity. On the one hand wet or cool weather has checked distributive trade, and especially retail business, and at the same time unsettled international political matters and the unsettled wheat market buy in some lines to go slow, while the same factor holds up certain sectors

active projects, but the pace of construction is increasing and war orders continue to cause extraordinary speed at a number of centers. Jobbing trade in essential staples appears to be on a par with, if not above, last year's. Mail order houses are doing well. High prices for cereals insure prosperity for farming communities, and crop conditions, notwithstanding the drought, are not likely to be damaged to winter wheat, are unusually good. Railway traffic is increasing, buying of steel by the railroads is larger, bank clearings, though lighter than last week, display

in some places collections seem to be better.

"Bank clearings for week \$3,269,932.000."

Coffee.

New York, May 31.—The market for coffee futures was quiet today and fluctuations were irregular. After opening 1 point higher to 3 points lower the market sold about 3 to 5 points over last night's prices on covering and a little trade buying, but as soon as the demand had been supplied prices weakened under realizations or liquidation which the close made 1 point lower to 3 points lower.

Sales 16,190.
